IMPORTANT NOTE: For Installment Contracts, all payments are due on the first of each month. Payments received after the 15th of each month will be considered late and will be subject to late fees if full payment is not received within 30 days of the due date. Even if your payroll deduction is made in a timely manner, a late fee still could be incurred if the payment is not received by the program by the due date.

- Necessary deductions to satisfy the full amount due on the TTPF account on the first of each month should be deducted from the prior month's payroll to avoid late payments.
- It is the responsibility of the account owner and/or employee to ensure payments are up-to-date and current on the TTPF account. Therefore, the account purchaser should make payments by check on a timely basis to avoid incurring late charges until payment by payroll deduction is in effect.
